Environmental Statement

This catalogue was printed using vegetable based inks on paper sourced from sustainable forests.

International Products

Selected Oliveri bathroom products are sourced from international suppliers. They are designed and manufactured to Oliveri's specifications and quality standards.

Warranty

Our goods come with guarantees that cannot be excluded under the New Zealand Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure. Refer to oliveri.co.nz for warranty details.

Oliveri Solutions

© Registered trademark of Oliveri Solutions. Under its policy of ongoing product development, Oliveri Solutions may from time to time change product specification without notice. **WARNING:** Products in this brochure and all literature pertaining to, are subject to Intellectual Property Protection. All dimensions given are approximate and should be checked prior to installation. The product images shown are for illustration purposes only and may not be an exact representation of the actual product.

THE OLIVERI BATHROOM COLLECTION.

The Oliveri Bathroom range is a collection of premium and contemporary bathroom products.

Inspired by the latest design trends and backed by industry leading warranties, the range includes more than 170 products across toilets, basins, showers and taps.

Each collection has been named after an iconic 'city of style' in Europe and manufactured to the highest standards, through international partnerships with respected factories around the globe.

Offering end-to-end home solutions.

The vast range and superior design of our kitchen, bathroom and laundry products are enjoyed by homeowners around Australia and the Oliveri name continues to be synonymous with style, quality, reliability and great customer service.

One of this country's best home-grown success stories.

We have come a long way from the unassuming suburban factory where our business first began way back in 1947.

It was here in Adelaide, South Australia, that a highly skilled and dedicated team first pioneered the deep drawing sink making process in Australia.

Today, as Oliveri Solutions, our company is the only commercial pressed bowl sink manufacturer in Australia and one of this country's best homegrown success stories.

8 tips for the perfect bathroom

The bathroom is one of the busiest rooms in your home, so it's important to get the space right. A well-designed bathroom can dramatically enhance your home's appeal. However, with so many options on offer, choosing a final design can be challenging!

We've put together our Top 8 Tips to help create your perfect bathroom.

1

Your bathroom is your sanctuary.

Decide on a style you love that will complement your home, then stick to it – whether it's Hamptons, traditional, industrial, modern or classic. Research your style and collect pictures to keep you on track.

2

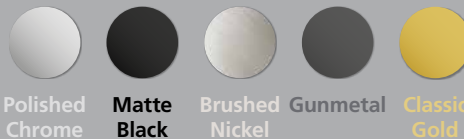

Consider wall-hung vanities to create a feeling of spaciousness.

Wall-hung vanities free up a little extra floor room to store small items. A semi-recessed basin in a narrow vanity is another great way to save space in a small bathroom.

3

Match tapware colours to your wastes for a more cohesive look. If you decide on black tapware, choose the same finish throughout.

4

If you prefer a more masculine feel in your bathroom, go with square or chunky tapware. Alternatively, softer, curved shapes create a more feminine atmosphere.

Matching the shape of the tapware to your basin gives continuity.

5

The placement of your shower mixer and accessories may seem like a small thing, but can cause frustration. **Place your shower mixer close to the entry of the shower** so you don't get wet whilst waiting for the water to warm up. Keep the towel rail close to the shower door so it's easy to access when you're dripping wet.

6

Create a hero piece in your bathroom – a whole wall of amazing Italian tiles, a beautiful vanity or perhaps a gorgeous mirror. It's a great way to give the room a focal point; tying all the design elements together and setting the overall tone.

7

Know your budget and stick to it.

Bathrooms can be costly! Choose quality, affordably priced products, backed by a good warranty. Get quotes for labour before you start and only use licensed tradespeople. Ask friends and family for personal recommendations on tilers, plumbers, electricians, and plasterers.

8

Finally, **don't forget storage, storage, storage!** Consider adding in a mirrored cabinet above the vanity for extra toiletries and items used daily. You won't regret adding a shelf or wall cut-out in the shower; you'll have more space for shampoo and conditioner bottles, rather than leaving them on the floor.

Tapware

Featured products /
 Paris Brushed Nickel Tower Basin Mixer: PA070520BN
 Naples Counter Top Circular Basin: NA3771

Create a hero piece in your bathroom – an elegant tap, a beautiful statement basin or perhaps a gorgeous mirror.

Oliveri Bathroom Tapware takes bathroom design to the next level. There are over 80 different products including a range of pin or paddle levers in our tapware collections. Constructed from premium solid brass, Oliveri bathroom tapware includes five different surface finishes, ever-popular chrome, modern matte black, luxurious brushed nickel, versatile gunmetal or sophisticated classic gold. And whether the preference is wall mixer, wall spout, basin mixer or tower option, there is an Oliveri tap to suit.

<p>Polished Chrome A solid performer, chrome has been the most popular tapware finish for decades, and for good reason. Chrome is a timeless and durable choice for your bathroom.</p> 	<p>Matte Black Sleek and sophisticated, the popularity of matte black tapware continues. Due to its adaptable nature and contemporary look, matte black can be paired with a variety of colours and designs.</p> 	<p>Brushed Nickel A premium PVD coating gives our brushed nickel tapware its stunning colour. This soft, metallic finish is a close match to stainless steel and is a great alternative to chrome. Brushed nickel is versatile and will look great in any bathroom.</p> 	<p>Gunmetal The dark, neutral hue of gunmetal give this popular metallic finish a strong, masculine look. Gunmetal is a versatile design option that works particularly well in modern homes.</p> 	<p>Classic Gold A sophisticated, subtle accent colour, classic gold is designed for luxury highlights. Use classic gold for a relaxing, warm space. This versatile colour works with any number of tile and cabinetry choices.</p> 
--	--	---	--	--

 <p>SUSTAINABLE CHOICE Our tapware has a 5 star WELS rating or above</p>	<p>BRASS CONSTRUCTION Ensures the tap's durability and ability to withstand high water temperatures.</p>  <p>200,000 CYCLE TESTS</p>	<p>BUILT TO LAST</p>  <p>200 HOURS SALT SPRAY TESTING</p> <p>Our tapware range has been rigorously tested to ensure they are built to last. Each surface is given 200 hours of salt spray testing and 200,000 cycle tests.</p>

Showers

Creating a stunning bathroom is easy with the Oliveri Shower range. Seamlessly incorporate European style with a choice of five finishes - chrome, matte black, brushed nickel, gunmetal and classic gold.

You'll be spoiled for choice with ceiling, wall, rail mount or hand-held shower heads, and a range of shower arms and mixers.

Featured products /

Rome hand shower with rail in brushed nickel: RO147013BN

Rome shower rose in brushed nickel: RO26500BN

Rome wall mounted shower arm in brushed nickel: RO15240BN

Venice wall mixer with diverter in brushed nickel: VE112504BN

Venice wall mixer in brushed nickel: VE111504BN

Venice curved wall spout in brushed nickel: VE105204BN

Oliveri hand showers offer **three spray settings** that can be easily selected using a button or lever.

Rain

Standard shower spray function giving you the perfect mixture between hard and soft spray for your everyday shower.

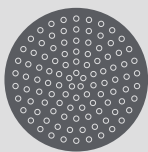

Needle

A hard, thin spray setting.

Massage

Thick spray coming from the centre of the rose gives a massaging sensation on your skin.

MORE HYGIENIC, EASIER TO CLEAN AND LONGER LASTING

Our Rome and Monaco ranges feature **silicone nozzles**; more hygienic, easier to clean and longer lasting than rubber nozzles.

SUSTAINABLE CHOICE

All showers are **3 star WELS rating** with a **9L per minute flow rate** for the best combination of efficiency and functionality.

STRICT QUALITY CONTROL

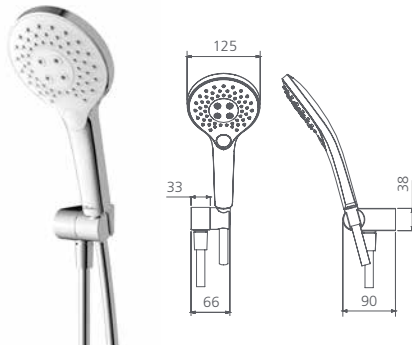

Our showers are tested for **maximum durability**. The PVC hoses are thoroughly checked against breakage and high pressure hot water is run through the shower body to ensure no internal damage.

Care Collection

Oliveri is expanding into care products designed specifically for people with disabilities or mobility issues. We believe that everyone deserves access to high-quality, affordable and reliable Oliveri products that meet their unique needs and preferences no matter their circumstance.

Oliveri is committed to serving the disability community by providing products that make daily living easier, more comfortable and more enjoyable without compromising on quality.

We recognise that people with disabilities face numerous challenges in their lives, including limited mobility, sensory impairments and other health conditions. We want to address these challenges by offering a range of products that are specially designed to meet the needs of people with disabilities. We have worked closely with DDA Disability Access Consultants to ensure that our products are effective, safe and user-friendly.

Our team at Oliveri is passionate about helping people with disabilities to live their lives to the fullest and we believe our Care range products can make a real difference in the lives of our customers.
